MULTILINGUAL LINGUISTIC SERVICES

MISSION STATEMENT

Our mission is to bridge between languages and cultures by connecting people across our multilingual world for a better understanding of the human expression.

We strive to be the missing link between worlds in this way exploring new ways to connect people around the globe. Using language, subject matter expertise, technology, travel, art, videos, interviews, multilingual writings, and publishing, we invite people to travel with us, virtually and physically, encountering friendly faces wherever they go.

We give a human face to our business with cultural competence and linguistic expertise. We elicit the many colors of humanity through our business practices. In AOT, we celebrate the diversity of our human story, by helping you formulate your story in all languages and project you in future success.

Through translation, interpreting, localization, and language expertise, we make the world your neighborhood.

Alpha Omega Translations is proud of playing a major role in addressing communication obstacles that affect their ability to prosper and thrive. Our teams are connected with our social-oriented purpose with their hearts and minds. We know that the best work happens when people care about what they are doing and why. At AOT we believe everybody has a story to share and we want to help you express yours.

KEY DIFFERENTIATORS

OUR RECRUITMENT PROCESS IS THE FIRST STEP TO SUCCESS

We succeed from the very beginning by identifying contracting needs for staffing, attracting and sourcing appropriate talents, interviewing, vetting candidates, hiring and onboarding.

HIRING CERTIFIED NATIVE SPEAKERS IS THE KEY TO HIGH QUALITY RESULTS

Our translation teams are certified native speakers of the target language and are culturally immersed in the communities speaking that variety. As a result, language barriers are overcome and the purpose of our linguistic work is successfully accomplished.

A DEDICATED LEAD PROJECT MANAGER IS ASSIGNED TO EVERY COLLABORATION ACCOUNT

Every collaboration account is assigned with its own experienced, dedicated project manager and specialized team to meet all the contracting terms and conditions agreed with our clients.

From software localization to simultaneous interpretation, from medical documentation to IT-related material – we deliver a variety of translation and localization services since 1998, we understand the true meaning of localization – and what it takes to do it perfectly. In the many years we have been providing translation services, we have attained the global reach and knowhow needed to understand local cultural intricacies. We have put together an expert team of professionals who can handle any job at any scale and we constantly innovate and streamline our work policies. From software localization to simultaneous interpretation, from medical documentation to IT-related material – we deliver a variety of high-quality solutions to a wide array of industries. This is accomplished by combining our expert personnel with a unique workflow developed from years of hands-on experience.
